PROJECTS

MobileLearning 🔗
Education Website
The site features a sleek, responsive design that adapts seamlessly to any device, ensuring optimal performance on smartphones and tablets. With an intuitive interface, learners can easily navigate through a diverse array of courses, resources, and interactive content.
My focus on accessibility and usability ensures that our platform caters to a diverse audience, providing everyone with the opportunity to learn and grow. Explore the future of education with our Mobile Learning website, where knowledge is just a tap away!

Team Building Awards 🔗
Employee Engagement System
Team Building Award platform, where celebrate collaboration, creativity, and exceptional teamwork! As the web designer behind this project, I aimed to create an inspiring and user-friendly website that highlights the achievements of outstanding teams and promotes the importance of effective collaboration in the workplace.
With a focus on accessibility and responsiveness, the Team Building Award website is designed to provide a seamless experience across all devices. Join us in recognizing and celebrating the power of teamwork, and discover how collaboration can drive success in any organization!

DECLARATION

I, Chandan kushwah, hereby declare that the information provided in my resume is accurate and true to the best of my knowledge. I am a web developer with one year of experience, skilled in creating responsive and user-friendly websites. I am committed to delivering high-quality work and continuously improving my skills in web development.
